

**swimsa - swiss medical
students' association**

Who are we?

The official representation of all
med students in Switzerland

What do we do?

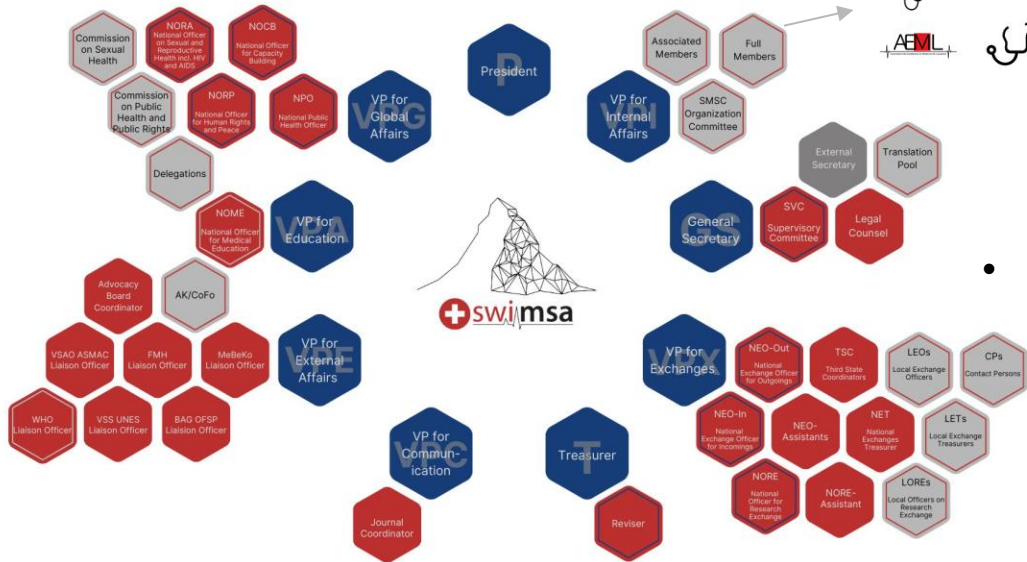

We strive to **connect** Swiss medical students through a **national and global** network, empowering them to **advocate** for **quality medical education** and **public health**.

How do we do it?

Internals

- Executive Board
- National Officers
- Liaison Officers
- Coordinators

- ## Members
- Full members
 - Associate members

How do we do it?

Improve medical education through AK/CoFo, where students from all local students' associations come together to discuss and address ideas and challenges related to medical education.

Interested? Learn more on our website or reach out to your local students' association!

How do we do it?

Organize **exchanges all over the world**, where students share ideas and experiences, learn about different cultures and healthcare systems.

Interested? Learn more on our website or contact vpv@swimsa.ch!

- Working in a hospital
- Possible from the clinical study years onwards
- Lasts 4 weeks
- Credited to the elective term (!)

- Participation in a research project
- Possible from the 1st year of study
- Lasts 4 weeks

How do we do it?

Unite over 400 medical students at the **Swiss Medical Students' Convention (SMSC)** to explore topics beyond university through lectures, workshops, and debates.
